**REQUEST FOR RECONSIDERATION OF PATENT TERM INDICATED ON  
PATENT AND NOTIFICATION OF POSSIBLE ERROR IN CALCULATION**

Sir:

The above-referenced patent issued on August 23, 2011 indicating on the face of the patent that the Patent Term Adjustment (PTA) is 2615 days. Patentees, through the undersigned representative, have reviewed the record and have determined that the U.S. Patent and Trademark Office (USPTO) may have made an error in calculating the PTA, such that the correct PTA due may be 2371 days instead of the 2615 days as determined by the USPTO.

Patentees believe that the USPTO did not account for the overlap period beginning on October 17, 2006, the date that is three years after the date on which the application was filed, and June 19, 2007, the date of mailing an action under 35 U.S.C. 132. Patentees were not charged this overlap period of 244 days (see attached Patent Term Adjustment History printed on 09/22/2011).

**CONCLUSION**

Patentees hereby request that the USPTO consider this information in calculating the proper PTA due. Any fees due at this time may be charged to Deposit Account number 11-0855. If there are any matters that can be addressed by telephone, the USPTO is urged to contact the undersigned attorney at 404-815-6500.

Respectfully submitted,
